About Us

Built for publishing — powered by production experience

At Qazi Associates Publishing and Printing, we help publishers, authors, and organizations move from planning to delivery with a simple, practical process.

We've been active in the market for 40 years, including yearly publishing tender work connected to the Sindh Textbook Board (STBB), Jamshoro. Through this long-term workflow, we know what matters most: paper planning, printing quality, finishing, and reliable delivery — done step-by-step.

Our friendly promise

We aim to make the publishing journey clear and manageable, so you always know what's happening and what comes next.

What we do

- Educational book publishing (core expertise)
- Inhouse printing of books
- Book designing & layout support
- Content creation & editorial support (project-dependent)
- Distribution coordination (when required)

Market connection

We also work with market partners for distribution. GABA Sons is one of our main retail partners in the Urdu Bazaar network.

Services

Services for publishers, authors & organizations

Depending on your requirement, we can support you end-to-end — or help with specific parts of the process.

1) Publishing of Educational Books

- Tender-related publishing and production coordination
- Full production workflow support: printing, binding, finishing, delivery coordination

2) Inhouse Printing of Books

- Printing with experienced supervision and production discipline
- Large-quantity production support for book-ready output

3) Book Designing & Layout

- Layout/design support designed for print requirements
- Print-friendly formatting and presentation

4) Content Creation & Editorial Support

- Editorial/content support for publishing readiness
- Scope depends on the project

5) Distribution Partnerships (When needed)

- Support for distribution models through trusted networks
- Especially helpful for market availability and delivery planning

Also available (beyond STBB)

We publish and print books for private parties and other clients as well — so if you're not doing educational board work, you can still benefit from our production expertise.

Our Process

A simple, step-by-step publishing workflow

Here's how most projects move forward:

- Consultation & scope alignment
- Planning (paper, timeline, printing approach, binding/finishing)
- Production (printing → binding → cutting/shaping)
- Quality checks & print-ready preparation
- Delivery / distribution coordination (as required)

This is how we keep things clear — especially for projects that involve multiple stages and strict timelines.

Why Qazi Associates

- 40 years of book publishing experience
- Tender + delivery experience — we know how to execute the workflow
- Cost-effective solutions without compromising printing essentials
- Trusted in the market and backed by long-term relationships

Over 40 years of expertise, running some of the finest German book printing machines.

Capability & Highlights

Proven scale

Over the past decades, Qazi Associates has been publishing an average of 6 to 8 books each year.

Typical unit quantity for many books: 30,000 to 40,000 units.

Example timeline (for understanding planning)

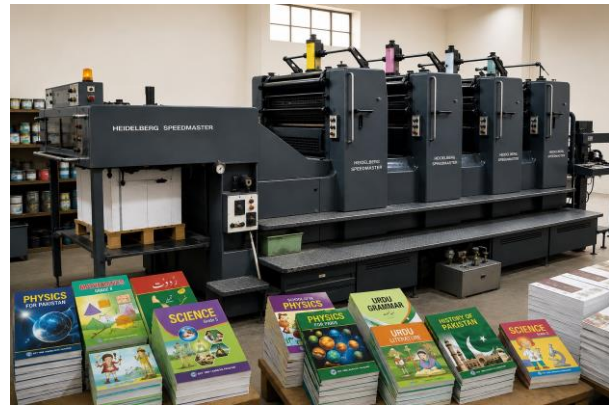

A hypothetical project such as 4 books (200 pages each) with ~40,000 units each may take around ~100 days for production and distribution — depending on the final specifications and delivery requirements.

(Timelines are confirmed after scope and planning.)
